

KLOVE is very important to me as a local listner and as a Christian because it is so encouraging daily. When I am traveling and K-LOVE is not available I must rely on my CD player. However, that is just the music. I don't get to hear the encouraging scriptures, prayers, and just encouraging conversation unless I am listening to KLOVE, as opposed to a CD. I know that KLOVE not only impacts Christians, but non Christians as well. People happen to accidentally tune in and listen to the word of God and so many have come to accept Christ this way! There is so much garbage on the radio these days, when I tune in to even an oldies station. You can't help but hear them talk about sex or at least hint about it. It makes me sick and I am so glad that we have something positive for all ages to listen to. I am 23 years old, married for 4 years and have my first child on the way. I am so excited to know that with all the negative media out there, I at least have something positive that my whole family can listen to together and to know that I don't have to worry about something inappropriate coming out of a DJs mouth.

Thank you for your time.
